NOTICE

All title payers are expected to attend titling settlement in each of their respective wards on Thursday, December 28. Every member should be a title payer. Is your name on the record.

Irish-American.

"I'll tell you what I know," said an excited old woman as she took the witness stand in a Topeka court the other day. "I ain't a liar nor a Russian or anything. I'm an American. Just wait till I get my Irish up." And from the manner in which her Irish came up and stayed up, everybody agreed she was an American, and a very militant one.—Kansas City Star.

Queer Fate for Buzzards.

A pair of turkey buzzards were flying over a town when they suddenly alighted on the cross arm of a pole carrying the high tension wire running from one power plant to another town. In some manner they stretched their wings so that an electric circuit was completed between one of the wires and part of the metal framework of the tower. They were instantly killed.

U. S. Taxpayers To Keep Books

Collector of Internal Revenue James H. Anderson issued a statement today calling attention to the fact that the U. S. Treasury Department has just issued a regulation concerning the keeping of books by people liable to U. S. revenue taxes, income and otherwise. The regulation referred to provides that:

"Every taxpayer carrying on the business of producing, manufacturing, purchasing or selling any commodities or merchandise, except the business of growing and selling products of the soil, etc., shall, for the purpose of determining the amount of income under the Revenue Act of 1921, keep such permanent books of account or records, including inventories, as are necessary to establish the amount of gross income and deductions, credits and other information required by an income tax return. The taxpayer shall produce such books of account or records for the inspection of revenue officers duly authorized by law to inspect the same, at such time and in the manner provided by law."

The only exception among producers, manufacturers, or dealers in any commodities or merchandise, from this requirement of keeping permanent books of account or records, are farmers, gardeners, horticulturists, etc., whose business is that combining the growing and selling of products of the soil. While the grower who also sells is exempt as to his own products, dealers in products of the soil other than that grown by them, must keep permanent record.

This requirement now being in force, it is advisable for those coming within its provisions each to install a system of bookkeeping, from January 1, 1922, and on. No elaborate system is required, but it should be sufficiently in detail to show accurately the income, outgo, and expense, from month to month, throughout the year.

Derivation of April.

Authorities on derivation of words state that the word April, the name of our fourth month, was derived from the Latin verb, "aperio," I open, and that the month was so named because it is the time when the buds of trees and flowers open. "If this were the case, it would make April singular among the months, for the names of none of the rest, as designated in Latin, have any reference to natural conditions or circumstances."

Dotheboys Hall. In "Nicholas Nickleby," one of Dickens' best novels, occurs the name, Dotheboys hall. It is the name of a boarding school in the north of England, kept by a heartless villain named Squeers, a place where boys were taken in and "done for." Squeers' system of tuition consisted of alternate beating and starving. In Dickens' time, it is said, such schools existed, and his account of the one over which Squeers presided did much to bring about their extinction.

Too Much to Expect.

"I can't say I dislike Jones," said Snibbings, "no, I can't say I dislike him; but it ain't in reason, considering the kind o' skunk he is and what he done to me, it ain't human for me to wish him any luck."—Richmond Times-Dispatch.

RUPTURE EXPERT HERE

SEELEY, FAMOUS IN THIS SPECIALTY CALLED TO PROVO.

F. H. Seeley, of Chicago and Philadelphia, the noted truss expert, will personally be at the Roberts Hotel, and will remain in Provo Saturday only, January 6. Mr. Seeley says: "The Spermatic Shield will not only retain any case of rupture perfectly, but contracts the opening in 10 days on the average case. This result effected during the day—the repair continues of itself throughout the night during sleep while all strain is removed. Being a vast advancement over all former methods—exemplifying instantaneous effects immediately appreciable and withstanding any strain or position no matter the size or location. Large or difficult cases, or incisional ruptures (following operations) specially solicited. This instrument received the only award in England and in Spain, producing results without surgery, injections, medical treatments or prescriptions. Warning: All cases should be cautioned against the use of any elastic or web truss with understraps, as same rest where the lump is and not where the opening is, producing complications necessitating surgical operations. Mr. Seeley has documents from the United States Government, Washington, D. C., for inspection. He will be glad to demonstrate, without charge, or fit them if desired. Business demands prevent stopping at any other place in this section. P. S.—Every statement in this notice has been verified before the Federal and State Courts.—F. H. Seeley. Home Office, 117 N. Dearborn St. Chicago.

Out Of The Gloom

Many a Gloomy Countenance in Lehi Now Lightens With Happiness. A bad back makes you gloomy. Can't be happy with continual backache.

The aches and pains of a bad back are frequently due to weak kidneys.

Doan's Kidney Pills are recommended for weak kidneys.

So Lehi citizens testify.

Mrs. John C. Wilson, E. Main St., Lehi, says: "My kidneys acted too freely and I was troubled with pains through my back. There was a heavy, dull ache across my kidneys and I had dizzy spells and severe headaches. I used two boxes of Doan's Kidney Pills and they helped me fine. I always take Doan's when I need a good kidney remedy."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Wilson had. Foster-Milburn Co., Mfrs., Buffalo, N. Y. adv.

Teacher's Confession.

One Sunday morning Henry Ward Beecher, when he returned home from church, threw himself on the lounge and said in a tone of deep dejection: "I believe that was the worst sermon I ever preached." One of his daughters protested that she had seldom heard him when he was more energetic. "Oh, yes," said the great preacher, "when I haven't anything to say I always slobber."—Boston Transcript.

Arrested. About 600,000 persons are arrested in England and Wales annually. The proportion in comparison with arrests in American large cities is small.
